

MAKE YOUR OWN ROBOT – 4 DAY ARDUINO WORKSHOP

Innovation hub of KSSTM opens a gateway to new technologies. To develop technological skill among young technophiles, we are conducting **4 day workshop on Arduino**. Classes will be on Saturdays and Sundays. The first batch **starts on November 3rd**. First batch classes are on November 3rd, 4th, 10th and 11th. Students studying in **classes 8, 9 and 10** can be a part of this workshop. You can register by sending an email to inhub.ksstm@gmail.com, mentioning the details of student along with copy of school ID card or can directly contact **Innovation Hub, Kerala State Science & Technology Museum and Priyadarsini Planetarium**, PMG Jn, Vikas Bhavan PO, TVM. On November 2nd we will inform the selected candidates for first batch by call and email. You can take the print of application letter from email or can avail the same from Innovation Hub directly. Registration will be till **November 1st** and seats are limited to 30 numbers. If the applicants are more than 30 we will arrange another batch for the remaining applicants (for first batch the first 30 who are registering will be considered for the class as first come first serve basis). The workshop fee is **Rs.1500/- only**. After successful completion of the course each student will get a **certificate of participation** and a **free one year membership at Innovation Hub**. The can use the facilities of Innovation Hub for one year. The facilities includes 3D printing technology, 3D scanning, mechanical workshop, electronics resource centre, robotics resource centre, design studio, build from scraps corner, break and remake corner, internet browsing facilities, library facilities and so on.
